EWEB invites you to make a difference

Every year, thousands of EWEB households struggle to support their families due to the rising costs of housing, food, transportation and energy.

Eugene Water & Electric Board's Customer Care Program helps eligible customers to save energy and manage their utility bills. Qualifying customers have access to a menu of services including weatherization, appliance upgrades or replacements, energy conservation education, and heating system inspections and improvements.

Help others in need while you challenge yourself on this scenic running course. Bring the entire family and run so that others can stay warm.

Rely on us.

EWEB's Customer Care Program provides financial aid for qualifying limited-income customers. Customers in need may be eligible to receive up to

\$200 in bill assistance per year, which is credited directly to their EWEB account.

Since the program was created in 1986, EWEB has urged customers to donate to *Customer Care*. Although the program is primarily funded through general EWEB revenues, generous customers and others in the community have donated more than \$1 million in additional funds over the past 20 years.

To receive more information about *Customer Care* assistance, call 461-8794. Senior Citizens also may call the Campbell Center at 682-5318. EWEB customers in the Springfield/McKenzie Valley areas can call Catholic Community Services at 747-8349.
